It was around 1879 or 1880 as Mr~~x~~ N.C. Hiebert ~~RECEIVED~~ got a flax sliver in his eye. They went to a Dr., but the Dr. said if they removed the sliver, the eye would run out; better leave the flax sliver in than to have a glas eye. He would be blind on that eye in either case. Then around 1921 he got cataracts on his good eye and was totally blind for 2 years. The Dr. realized that the eye with the cataract could not be cured, but he wished to remove the flax sliver that was located in the other eye for already 42 years. Our parents wrote to us about it. (We attended D I O L A in Los Angeles at the time), and requested ~~for~~ prayer. There together with the teachers and fellow students, we gathered together in the name of Jesus and prayed for father's eyesight. The flax sliver was removed - and Father received sight in that eye that had been blind for 42 years. He could see until the end of his life! That was an answer to prayer never to be forgotten.
