FOREWORD

This book is a record of the descendants from the family
Abraham Janzen,
my mothers ancestors.

It is dedicated to my dear mother, Agatha Klassen - nee Janzen, who with great sadness passed away at an early age. There were thirteen children in her family of which two married, my mother the youngest, and her sister the eldest.

The family lived for many years in the city of Berdjansk on the sea of Azov in southern Russia. Before my parents came to Canada in 1923, my mother taught school in several Mennonite settlements in Russia and was recognized by many as an excellent teacher.

Originally when I began work on this book in 1970, I had very little information to start with because the family was very private and left no records. It was three years later, after continuous researching that I received my first important information from relatives unknown to me living in Santa Ana, California.

Most of the contents have been copied from existing family tree books and then listed for convenient reference. Without the co operation of relatives and the diligent work of Miss K. Peters this wealth of information would not have been available.

Ernst J. Klassen

Origin of the Family Name Janzen

Janzen (Jantzen, Janssen, Jansson, Jansen, Johnson, Jansz, Janz, Jantz, Jans), one of the most widespread Mennonite family names of Dutch-Prussian background, derived from Jan (Johann, John) a given name, to which is added "zon" (zen, sen, etc.), the combination meaning "son of John." The name was very common among the Dutch Mennonites and found its way into the congregations bordering the Netherlands such as Crefeld, Gronau, and East Friesland; also in Schleswig-Holstein and Prussia, where it was represented in the congregations of Elbing, Koenigsberg, Tiegenhagen, Ladekopp, Rosenort, Fuerstenwerder, Heubuden, Tiensdorf, Orloffelfelde, Schoensee, Jeziorka, Deutsch-Kazun, etc.

The name appears first on record in Danzig in 1568. From Prussia it was transplanted to Russia and later to North America, where it is found in most of the settlements started after 1874, and to South America.

A branch of this name was transplanted from the Lower Rhine to Pennsylvania, where it was changed into Johnson.

Introduction

As Mr. E.J. Klassen approached me in 1970, the first order I received was to trace his Janzen family. After eight years of searching I am coming up with this book. Although it goes back further than any other record I have worked on so far, it is not as large as some of the others. I must confess it is far from complete, but maybe after the book is published more siblings will show up. A word of thanks goes out to all who helped to bring this record to this stage.

This book is in two parts. Part I is the actual Janzen family I traced, while Part II is a Janzen line that married into the first part, as Franz Janzen was a brother to Anna Janzen who was married to Cornelius Janzen (page 7). So the members of the second part are related to the members of the first part through the wife of Cornelius Janzen.

By doing work of this nature problems do arise. Sometimes the writing was not very clear, or the German spelling was used while the person involved might use the English spelling. I have tried to be accurate, but if errors have crept in, I hope you will bear with me.

A few pointers to get familiar with the book. Each generation is identified with a letter - 1st generation A, second - B, and so on. The number next to the letter - as B3 - identifies the third child in the second generation, F2 - the second child in the fifth generation.

If you like to find the connection between	-	lets say
Helena Warkentin p.21	A2-B2-C6-D1-E1-F3	and
Colleen Hurley p.41	A2-B2-C8-D4-E4-F3	
you will notice	A2 - identical	-grandparents
	B2 - identical	-parents
	C6 and C8	-brothers
	D1 and D4	-1st cousins
	E1 and E4	-2nd cousins
	F3 and F3	-3rd cousins

Charts also make it easier to find the connections. On these you will find an extra number like - Albert Janzen-E3-47, indicating that on page 47 you will find more information about him and his family.

An index of all the names of people born prior to 1966 can be found in the rear of the book.

Nachdem Willy Janzen die Unversitaet in St. Petersburg beendet hatte, kam er noch einmal zu seinen Eltern und Schwestern auf Arkadak besuchen. Das Bild ist im Walde zwischen der Station Arkadak und dem Dorfe No. 1 im Winter 1918 gemacht worden. Von hier fuhr zurueck nach Petersburg wo er sich nochmals mit seinen Schulkameraden traf, und beschlossen das Offiziersgeregement der Weissen Arme beizutreten. Er besuchte nocht eine kurze Zeit die Offiziersschule, wurde von dem Oberkommendant General Deniken als (Oberleutenant) in die Weisse Arme eingefuehrt und zur Front befoedert. Als der Raeuberhauptman mit seiner Bande die Front bei der Stadt Umanj durchbrach, fiel Willy Janzen mit seinen Kameraden.

J.J.K.

This is a photograph of my uncle, Willy Janzen born 1891 taken during the winter of 1918 in the forest between the railroad station of Arkadak and village No. 1. After he graduated from the university of St. Petersburg, he visited for the last time his parents and sisters in Arkadak. He returned to St. Petersburg and there with his university friends decided to join the officers regiment in the white army. For a short period of time he attended the officers' training school and was commissioned as a first lieutenant by commander general Deniken of the white army and sent to the front. When the Machno (Reds) broke through at the city of Umanj, uncle Willy and his comrades were killed in battle. Uncle Willy was the favorite in the family and they never fully recovered from the tragic news.

E.J.K.

This is a photograph taken in 1910 of my uncle Abraham Janzen, born in 1876. He was a successful merchant and imported German and Swiss watches, jewellery and lingerie from Paris. His store was on the main street of EKATERINOSLAW (DNJEPROPETROVSK) and was responsible for the repairs and maintenance of the city clock.

From 1925 to 1930 he was the appointed official government representative for the promotion and trading of jewellery in the Ukraine. During the second World War, towards the end of September, 1943 he and his sister Eva escaped Russia with the retreating German army.

This picture taken approximately 1912, is the girls school (Madchenschulle) in Halbstadt, Southern Russia. The teacher in the black gown with the large white collar is my aunt, Miss Katharina Janzen. She was born in 1881 and taught for many years in this school.

The student in the second row from the top, second from the right is my mother in law, Marichen Willms nee Kornelsen.

This year, 1977, Descendents of Heinrich Janzen (1828-1911) are observing the Hundredth Anniversary of his coming with family to America, August 2, 1877 is the date of arrival in Mountain Lake, Minnesota.

Grandfather bought land and tilled the virgin soil. As pioneers, the family underwent hardships and privations. A member of the family upon hearing how well their relatives were doing in Schoenwiese at that time, questioned the wisdom of her father's decision in making a home in America. His answer was, "You will see the day when you will thank me for bringing you here."

It is at this time that we express our thanks. -E. Esau.
